

# Disaster Supply Kit for Pets

## Be Prepared for Disasters!!!

The most important thing you can do to protect your family and pets from the unexpected is to be prepared!

Here's what you should include for your pet:

Always have a collar with ID, city license, and rabies tags on your pet.

Store current shot and health records in a waterproof container, such as a freezer bag.

Food and water bowls with enough food and water for seven days. Remember, keep the food in a watertight container.

Manual can opener for canned food.

Plastic bags to dispose of pet droppings and other waste.

Current photo of your pet

Pet carrier with plenty of bedding

Leash

Toys

Medications

First Aid kit

Grooming Supplies

Paper Towels/Wet Wipes

Flashlight and spare batteries

Cat litter and litter box

To find a hotel or motel that accepts pets, check out [www.petswelcome.com](http://www.petswelcome.com) or [www.takeyourpet.com](http://www.takeyourpet.com)!
